A society known as the "J. O. A. M." has been organized by eleven young ladies living between Sixth and First avenues near Eighth street. It is stated that there have been a number of narrow escapes at Big Lake recently by children skating on the ice when it was so thin as hardly to bear their weight. A policeman has been stationed at the place, and he finds it difficult to spread himself around over so much territory and cannot prevent the reckless ones from going out too far.

The King's Daughters of the First Presbyterian church entertained their friends last evening in the church parlors. Changes are going on constantly at the Union Pacific transfer, which are slowly, but surely, transforming what was one of the busiest places in the west into a mere station. Comparatively few passengers stop off there now, those who are bound for the Bluffs getting on at Council Bluffs, while through passengers are carried directly to Omaha without change. The hotel is built to be used, and it is the intention of the authorities to do away with it mostly, beginning next week. The dining hall will be cut in two and made into a short order chop house, while an adjacent building will be served, save on the restaurant plan.

A little disturbance occurred last evening in one of the rooms on the second floor of the Merriam block. Jack Tinley was locked up in a vacant room, broke a plate and a window to get out. In breaking the glass he received a horrible gash on the arm, which it was feared would be dangerous.

The flow of blood was finally stopped, however, and Tinley proceeded to seek vengeance on Anthony Sweet, whom he held responsible for his imprisonment. Sweet met him with a heavy tumbler, which he brought down on Tinley's head with considerable force, and it was not long until Tinley's arder cooled off. There were no arrests.

NEWS FROM COUNCIL BLUFFS.

Citizens Will Try to Secure Prof. Croan's New Normal School.

THEY HAVE TRIED THE SAME BEFORE.

Inducements That Have Been Offered to Secure the Removal—Probable Effect of Shenandoah's Late Conflagration.

The announcement in yesterday's Bee of the fire at Shenandoah in which the buildings of the Western Normal college were entirely consumed has aroused a number of the leading citizens of Council Bluffs to an effort to induce the principal of the school to move his establishment to this city. Under the management of its present principal, Prof. W. M. Croan, the college has been brought to a position in the front rank of Iowa educational institutions, and the attendance during the past year has numbered well along in the hundreds.

Efforts have been made on a number of occasions to induce Prof. Croan to move to some larger city, but his interests in Shenandoah have always been too extensive to admit of his doing so without great financial loss. Some years ago a scheme was proposed to offer the High school building to the proprietor of the Normal school at a nominal rent, but for some reason or other it fell through. Now the buildings having all been burned Prof. Croan has but little to keep him in Shenandoah, and it is thought he will look with more favor upon an offer coming from the people of this city. At any rate the trial is to be made, and correspondence has already been begun by some of the prominent business men. Something definite will probably be known in the course of a few days.

District Court News.

The case of the Franklin County bank against E. Reichart was taken up in the district court yesterday morning. It was a suit on a note, but was compromised by the parties for \$300, the plaintiff agreeing to pay all the costs in addition to the amount. The case of the Citizens State bank against J. C. Abbott was the next on the assignment. This suit has been pending for a number of years past, it having had one trial already. The point at issue was a lot of stock, valued at over \$100, which had been seized where the bank held a writ of replevin, while in the possession of Abbott, the bank claiming the ownership of the stock under an assigned bill of lading.

On the first trial a verdict was rendered in favor of the defendant, and the case was taken to the supreme court on appeal, where the decision of the court below was reversed and the suit was sent back for another trial. There is a formidable array of legal talent arrayed on both sides, and the case is expected to be a long and interesting one.
